U. S. CITIZENS ARE REPORTED SLAIN

RELEASE OF AMERICANS SOUGHT

Washington Seeks Aid of Brazilian Representatives

BULLETIN.
WASHINGTON, April 25.—The capture of the American consul at Vera Cruz has been ordered by his company to return to Hamburg with the cargo of weapons meant for the Huerta government.

BULLETIN.
WASHINGTON, April 25.—An underrurrent desire in Congress for more aggressive action in Mexico became apparent today. Several members of the House and chairmen of important House committees agreeing that the plan to "sit tight" at Vera Cruz, awaiting retaliatory developments, might result in embarrassing international complications.

WASHINGTON, April 25.—Unconfirmed rumors of the killing of Americans by mobs in Mexico City, the arrest of American railroad employees yesterday at Orizaba and information forwarded to Washington that American military authorities at Vera Cruz considered the situation at Mexico City and throughout the Mexican republic a grave one for Americans there, aroused activity of the Washington government today.

While the authorities were exerting every possible effort to get verification of the disquieting reports from the Mexican capital, Secretary of State Bryan conferred with the Brazilian ambassador here, Mr. Da Gama, over the arrest of Americans at Orizaba and informed him that he had requested the Brazilian representatives in Mexico City to seek the release of the prisoners. Ambassador Da Gama urged the Brazilian minister in Mexico City to do all he could for the release of the Americans.

STIRRED OVER ASSASSINATIONS.
Officials here were much exercised over a reported assassination of an American in Mexico City. Serious events there, it was pointed out, might aggravate the present situation and serve to arouse sentiment among the people that would demand more aggressive action on the part of this government. It was further emphasized, however, that mob violence could not be construed as any deliberate act of General Huerta and that it could be caused by his government that it was powerless to control the situation, owing to the anti-American feeling aroused by the seizure of Vera Cruz.

Although no new military orders were issued by the war department, plans for perfecting the operations at Vera Cruz and along the Mexican border were considered by Secretary Garrison, General Woodhouse, chief of staff, and Major General Wood, who has been chosen to direct the military operations in cooperation with Secretary of the Navy Daniels.

TROOPS "FOR SERVICE."
After a long conference of the department officials early in the day, Secretary Garrison declared that the troops en route to Vera Cruz to reinforce the naval force there were being sent there "for duty." What form this duty would take or how extensive or aggressive the operations of the troops would be, the secretary would not say. It was declared, however, that there had been no change in the policy of the government to "sit tight" at Vera Cruz, unless retaliatory tactics should be resorted to by General Huerta or some overt action by the constitutionalists. Neutrality by the constitutionalists, officials believed, would be a disaster.

VERA CRUZ BASE OF OPERATION.
Should war be forced on this government, it was pointed out, the base of operations would be at Vera Cruz and the plan would be to confine the advance if possible to the territory controlled by Huerta, with Mexico City as the objective point of the American forces.

The movement, it was generally believed, would be an active one. Although it still is the determined policy of the President to prevent war, the emergency and should the word come to advance to the interior in order

PRISONERS WILL FIGHT IF CALLED OUT—OF JAIL

Prisoners in the Alameda county jail are anxious to fight for their country in the event of prolonged hostilities in Mexico, and to that end they have drawn up a resolution offering their services.

"We are in distant touch with the Mexican situation," reads the resolution, "nevertheless the spark of patriotism has been ignited by news that we have received; and the same sense of feeling and loyalty to our flag exists in here as in the United States at large.

"We feel that if the American flag, which Betsy Ross spared neither time nor patience to make for us to honor, protect and respect at the cost of the last drop of our American blood, shall and should be the true emblem of a country devoted solely to the interest of its subjects, and in case of a scarcity in the volunteer ranks we feel duty bound to render our service."

REBELS FIGHTING TO PROTECT AMERICANS

BROWNSVILLE, Tex., April 25.—The following report from General Caballero, rebel commander at Tampico, to Constitutional headquarters at Matamoros, under date of 21st, was given out here today:

"It having come to my notice that the federals in Tampico were offering further insults to Americans. I immediately re-opened my attack at 4 o'clock this morning and already have captured the cemetery, where strong federal force resisted. Expect triumph by tonight."

TWO TRAINLOADS OF U. S. CAVALRY REACH BORDER

CALIXICO, April 25.—The American military forces here were increased to about 500 men with two field pieces today by the arrival this morning of two train loads of United States regular cavalry and artillery men. The reinforcements consisted of fifty men of the Coast Artillery, with two three-inch guns under Captain C. H. Hilton, and Troop I of the First Cavalry under Captain James G. Harbord, who ranks Captain Arthur Pollock of Troop D, and who therefore assumed command of the United States forces here.

Information was received on the American side of the international line today that eighty-five Mexican volunteers and conscripts were drilled all night at Mexicali.

Because information sent out of here by correspondents promptly reaches the Mexican commander at Mexicali, United States army officers discussed today the advisability of establishing a press censorship.

From a 60-foot tower a few feet from the international line Captain James J. Harbord and Arthur Pollock, the American cavalry commanders here, reconnoitered the Mexican position at Mexicali today and scrutinized the surrounding country through their field glasses. Maps of the valley on both sides of the line have been prepared.

Colonel W. H. Holabird, receiver of the California Development Company, received a communication from the 21st National Guardsmen here was contemplated. Dr. Guillermo Servin, holding a commission from Huerta, assumed the duties of Mexican consul here today, succeeding Juan I. Mateos. Servin came from Tijuana.

FOUR AMERICANS SLAIN IN MEXICO

BULLETIN.

VERA CRUZ, April 25.—An aeroplane from the American fleet made a flight over Vera Cruz shortly before noon today.

VERA CRUZ, April 25.—Consul Canada is arranging to send a demand on General Gustavo Maas to guarantee the safety of the Americans imprisoned at Cordoba, who he has reason to believe are in grave peril.

VERA CRUZ, April 25.—The British consul here has received a report that one hundred British subjects are among the refugees marooned at Cordoba in the state of Vera Cruz on the railroad from Mexico City.

VERA CRUZ, April 25.—The American embassy in Mexico City saved fifty out of the 300 rifles in its possession when the order for their seizure came from General Huerta. Fifty rifles were hidden and Nelson O'Shaughnessy took a receipt for the rifles and machine guns confiscated.

VERA CRUZ, Mexico, April 25.—Fighting between the Mexican federal troops and the constitutionalists was in progress at Tampico last night, according to a report received by Admiral Badger from the British war vessels there.

ON BOARD U. S. S. SOUTH DAKOTA, at Sea, April 25.—Orders were received this morning for the South Dakota, originally ordered to Mazatlan, to proceed further south. The collier Jupiter will continue to Mazatlan and join the flagship and torpedo flotilla as ordered. On receipt of the orders the South Dakota increased her speed to fifteen knots.

VERA CRUZ, April 25.—El Dictamen, a Vera Cruz newspaper, today says four Americans have been killed by mobs in Mexico City. It declares that it has received this information from the federal capital.

Three of the American victims were taken from street cars and killed in the streets, while the fourth was killed in the Young Men's Christian Association building by the members of a baseball team, to which he belonged.

The information as published in El Dictamen as to the massacre of the Americans is not confirmed from any other source, and is considered doubtful in many quarters.

Vera Cruz was today isolated from direct communication with the interior, but the sparse news brought here by refugees indicates that the state of affairs is bad and rapidly growing worse so far as Americans are concerned.

The refugees arriving here bring word of intense anti-American feeling in all directions.

The American military authorities in Vera Cruz consider the situation of Americans in the capital and all over the republic grave.

MOB WRECKS AN AMERICAN HOTEL; INSULTS GUESTS

Anti-American Outbreaks in Capital Violent; Business Houses Closed

BULLETIN.

WASHINGTON, April 25.—Secretary Daniels later today instructed Rear-Admiral Howard to bend every effort for the protection of the American consuls and their families and all foreigners on the Pacific Coast of Mexico. The last line of Admiral Howard's directions reads: "Consider these instructions first duty of your fleet at this time."

WASHINGTON, April 25.—Further details as to conditions in Mexico were given Consul Canada by the refugees who have reached Vera Cruz. They report a reign of terror in the capital and confirm the reports of anti-American outbreaks.

A mob entered Porter's Hotel, an American institution, insulted the guests, smashed windows and emptied the hotel. The guests were taken to other hotels and the managers of the hotel went to Vera Cruz.

The American Club was attacked and several stores were sacked, with a loss estimated at 50,000 pesos. Consul Canada said the refugees reported the American colony well organized for defense. All foreigners concentrated to withstand any attack. They are well armed, but fear an attack by overwhelming mobs.

DISORDERLY CROWDS IN STREETS.

On Tuesday all business houses in the capital were closed and the streets were filled with disorderly crowds. Refugees reported that prior to April 22d the Huerta government had been conspiring southerners, securing 2000 by forcible conscription in Mexico City on Sunday, Monday and Tuesday. On April 22d it was stated Mexicans began to volunteer for service.

Officers of both the War and Navy Departments were concerned today over the report from Vera Cruz that a small Mexican force was prepared to blow up the railroad bridges between Vera Cruz and Mexico City. Several of these bridges could not be replaced and temporary provision for getting trains by them would be impossible.

UNITED STATES NEEDS BRIDGES.

The plans of the Navy and War Departments for possible operations out of Vera Cruz hinge on the possession of the railroad, and it was feared they would be seriously hampered if the bridges were destroyed.

The Navy Department believes that an expedition out of Vera Cruz along the railroad could insure the safety of the bridges, but it is pointed out that this would be an act of war. This probably would be the first move in case war actually was declared. Meanwhile, the naval forces in Vera Cruz must confine their operations to that city and its immediate environs.

SMALL GUARDS FOR PROTECTION.

WASHINGTON, April 25.—Americans remaining in Mexico City are entirely dependent on the Huerta government and the small guards maintained at the foreign legations for protection, it was stated at the State Department today. There are between sixty and one hundred men, it was said, attached to the various foreign legations in the Mexican capital armed with small arms and machine guns, on whom the Americans might depend.

These, the department said, would be effective only against such sporadic mob violence and would be practically powerless against any general movement or any mob attack the Mexican government might ignore. It was expected that the Americans in the event of an attack would take refuge in the other foreign legations.

The State Department said no official dispatches confirmed the report that four Americans had been killed in Mexico City. Consul Canada has reported nothing more serious from Mexico City than the pulling down of the Washington statue and the storming of the American Club.

Admiral Howard reports from the west coast of Mexico that the German consul at Mazatlan is exercising his friendly office to get the steamer City of Sydney to take away all foreigners at Mazatlan. He reports a demonstration in front of the American consulate at that place last night and that the governor has made all possible preparation and that a guard of federal soldiers is now protecting the consulate.

THOUSANDS OF REFUGEES POURING INTO GALVESTON

GALVESTON, April 25.—The vanguard of several thousand refugees from Mexico, headed for Galveston, arrived here today on the United States collier Cyclops from Vera Cruz and Tampico and the steamer Trinidad from Tampico. The majority were Americans. Thousands have been reported on the steamer Esperanza from both Vera Cruz and Tampico.

WASHINGTON, April 25.—The late today Secretary Daniels approved by Congress appropriation of \$500,000 for the relief and transportation of American citizens in Mexico, departure for the United States.

Talbot left this afternoon for El Paso. He announced he would enlist with the United States regulars upon reporting home.

REOCCUPY CITY.
EL PASO, Tex., April 25.—One hundred Mexican Federal troops said to be part of the force which evacuated the town yesterday after attempting to destroy the international bridge, reoccupied Piedras Negras last night. Major T. Garcia, in command of the troops, declares he will permit no disorders.

The upper photograph shows the fighting vessel alongside the navy yard wharf, being prepared for the journey south. Below, the cruiser is seen moving out into the bay with Uncle Sam's jackies in evidence on the main deck. The menacing aspect of the cruiser's guns is lost through their being swathed in canvas.

CRUISER CLEVELAND OFF FOR MAZATLAN

MARE ISLAND, April 25.—The cruiser Cleveland, Commander Williams, with a crew of 300 veterans, left Mare Island at 2 o'clock this afternoon for Mexican waters. The cruiser will stop at San Diego only long enough to get coal and some mail for the fleet.

Lieutenant Harold Pratt is to command marines who are to leave Mare Island next week to join the cruiser. The supply ship Glacier starts north today from Mazatlan for Mare Island to get supplies and ammunition for the Pacific fleet.

Militia Ordered to Texas Border

WASHINGTON, April 25.—Governor Colquitt telegraphed Secretary Garrison last night that he had ordered ten companies of Texas infantry, a detachment of cavalry, and a battery of artillery to Brownsville to aid in protecting the State border.

Orders were issued today that all officers desiring to leave the yard more than 12 hours must leave their telephone and telegraph addresses. As this is the rainy season in Mexico, the Mare Island officers are anticipating a hard campaign and considerable trouble.

Recruiting Officers

Secretary Daniels, through Major General Barnett, commander of marines, ordered today the following retired marine corps officers to special recruiting duty at these stations:

Captain F. M. Eslick of Gadsden, Ala., to St. Louis.
Captain R. C. Walker of Middlebury, N. Y., to Boston.
Captain D. W. B. Blake of Pass Christian, Miss., to St. Paul.
Captain H. T. Strain of Saratoga, Cal., to Portland, Ore.

Equip Signal Corps

OMAHA, Neb., April 25.—Two carloads of signal corps equipment and fourteen cars of commissary supplies left Omaha early today for San Antonio and Galveston, Tex. Practically all the signal corps equipment at Fort Omaha was sent to the border.

Indians Offer Services

PHOENIX, Ariz., April 25.—Superintendent H. J. McQuigg, of the Papago Indian reservation, said today that he would offer the services of 400 mounted Indians to the government in case of war.

Enlistment Rule

NEW YORK, April 25.—Officers in charge of army recruiting stations here called the attention of former soldiers to the army reserve act of 1912, which provides that men honorably discharged with a "good" record can enlist in the reserves if not over 45 years old and physically capable.

Ship Army Beef

CHICAGO, April 25.—On orders from the commissary department of the United States army a Chicago packing company yesterday shipped a trainload of fresh beef and other supplies to Galveston for transportation to the American troops in Mexico.

to protect life and property. It is said, the war department is ready to send in an army of 20,000 to 30,000 men and to increase the forces to a great degree along the Mexican border.

Appeals for Troops

Today there were appeals for more troops from border states and the war department officials, while considering plans for co-operating with the militia in those states, also were working out plans for calling into the service the militia of various states, under the terms of the volunteer army bill just passed. The war department throughout the day was humming with excitement. Reports that General Wood already had been ordered to Vera Cruz were emphatic.

Chile Thinks U. S. Is Not Justified

VALPARAISO, Chile, April 25.—Public feeling here is bitter against the United States as a result of the Mexican crisis. In an editorial yesterday the Union asks if there is any international morality, and continues:

"The war in Mexico is the result of a want of common sense and of the revolutions in Mexico. The precedents of the United States are not justified."

Missionaries Safe

NEW YORK, April 25.—Fears for the safety of the missionaries in Mexico were relieved today by a cablegram from Vera Cruz, received at the headquarters of the Methodist Episcopal board at New York, according to this board of the thirty missionaries have arrived in Vera Cruz and all the others are safe in Mexico City, Puebla and Guanajuato. Missionaries not heard from include Rev. and Mrs. William Wallace, Rev. N. J. Elliott of Long Beach, Cal., and Rev. Mrs. J. T. Malloy of Corsicana, Texas.

NEW LONDON, Conn., April 25.—Orders have been received at Forts Terry and Mifflin to move all the regular army artillery men there to a mobilization camp to be established on Montauk Point, L. I.

TORONTO, Ont., April 25.—A Algara de Terreros, Mexican chargé at Washington, arrived here today.

"The war in Mexico is the result of a want of common sense and of the revolutions in Mexico. The precedents of the United States are not justified."

The Mercurio says it is astonished at the excessive importance attached to the Monroe doctrine in Europe. It adds that the Latin-American republics are in the same condition of perfect equality as other nations and are not subject to and never will accept foreign interference.

Some of the more nervous citizens fear another visit to attack Laredo itself, but army officials, though every precaution is being taken, believe there is no danger. There was no further trouble during the night.

It was definitely learned today that the wild shooting of the Mexicans had done no damage on the American side.

Secretary Daniels has instructed Admiral Badger at Vera Cruz to issue a proclamation informing all Mexicans in that vicinity that they are free to come and go as they please.

This, it was hoped, would induce General Huerta to permit Americans to leave Mexico City, where they have been detained in consequence of the report that the Mexicans were not permitted to leave Vera Cruz.

The navy department today received a report from Admiral Badger at Vera Cruz, stating that all of the wounded were improving and that the surgical cases were doing "surprisingly well."

CONTER ON SITUATION.
Secretary Bryan and Postmaster-General Burleson were called to the White House today to discuss the reference on the Mexican situation. The postmaster-general is particularly anxious about conditions on the Texas border, where the local authorities are clamoring for additional troops.

The gunboat Yorktown arrived today at Guaymas from Mare Island and her commander reported all quiet at the Mexican port. The Mexican federal gunboat Guerrero has just reached Guaymas from Mazatlan. Guaymas is held by the Mexican federalists, but a strong detachment of

Huerta's Troops Capture Employees and Make Them Prisoners

There was a big crowd of them at the station when we went away and some fairly begged us to stay. I don't know what will become of them now that their employment is gone. It was a sad scene, and we didn't have an enemy in the crowd. In fact, through the whole trip we encountered nothing but courtesy and not a sign of enmity."

FARMER ARRESTED.
OMAHA, Neb., April 25.—F. W. Lehmer, of Omaha, reported arrested by Mexican Federal authorities, is owner of a small sugar plantation near El Hule, 125 miles southwest of Vera Cruz. He also is general manager of a large plantation near that place owned by Englishmen.

Lehmer is 32 years old and has spent most of his time in Mexico for the last five years. His brother, Phillip Lehmer, said last night that he had heard from him for some time. The two brothers were associated in the sugar business for two years, Phillip having returned to Omaha a few months ago. He is a local railroad contractor.

Several other Omaha men are interested in the sugar business which has been operated by young Lehmer since he went to Mexico.

AMERICANS HELD.
VERA CRUZ, April 25.—Seven Americans, prisoners of Mexican soldiers, are being held at Cordoba or Orizaba, on the line of the Mexican railway between here and the capital, four of whom at least are threatened with execution, according to authentic information received last night.

Almost normal tranquillity has been restored in this city, but occasional sniping occurred during the night. There was, however, no general disorder, the domination of the city by the American forces having been generally accepted by the residents.

The order issued from the admiral's headquarters for the closing of all saloons remained in effect today.

The restaurants are having difficulty in furnishing the usual quantity of food, owing to the impossibility of obtaining supplies.

The American lines, some ten miles in length, now completely encircle the city. Outposts have been established covering all points from one to five miles.

PULL DOWN STATUE.
The statue of George Washington in Mexico City was pulled down by a mob led by Jorge Huerta, son of President Huerta, who attached the ropes to it. Two Americans are reported to have been rescued by Huerta's aides from the wrath of the mob.

American naval officers on duty in the city became convinced after an investigation of the sniping which occurred last night that they had to deal with a secret organization, which posts snipers after dark at points where their fire is most effective.

Mexicans desiring to reach the interior from Vera Cruz are to be exchanged for American refugees who wish to reach the coast, according to an arrangement made today.

TAKE MEASURES TO PROTECT OAKLAND

MARE ISLAND, April 25.—The Mare Island officials are preparing to have all of the shops, magazines and dry docks well guarded so that there will not be any danger of any Mexicans being able to get into the government property. It is also understood that the crews of the submarine boats of the F. Group will be doubled at the yard so that those boats can be ordered to San Francisco for the protection of San Francisco and Oakland.

It is also understood that Commandant Bennett of Mare Island will ask that a guard be placed at the Vallejo city water works so that the reservoirs may be protected from dynamite.

Twelfth Regiment Last to Depart

SAN FRANCISCO, April 25.—The last of the Eighth brigade pulled out on trains headed for the Mexican border early this morning. The Twelfth regiment was the last to get away.

The men went with stout hearts, fighting, but today there came a reaction for their women folk. It was a blue day in the married quarters at the Presidio.

"Don't forget that the officers' wives are still here," said Mrs. R. M. Blatchford, wife of the Twelfth's colonel, today.

And the men's wives, too. Nor are the sweethearts to be overlooked.

Today to go to Los Angeles and other southern cities, to be nearer their husbands.

The three troop trains of the Twelfth, which came up from Palo Alto yesterday and put in a hard day making ready, pulled out of the Southern Pacific yards in the small hours, bound for Nogales.

The other regiments of the Eighth brigade—the Sixth and Sixteenth—got a head start. The Sixth was the first away, via the Southern Pacific, the Sixteenth going over the Santa Fe. Both were well on their way to El Paso by daybreak today.

CHIMES TO END ROMANCE CUPID AS COLLEGE 'PROF.'

MISS RUTH WELLS, whose engagement was announced at luncheon given today.

At a luncheon given this afternoon at Mrs. Mary Nichols' home in East Oakland, the engagement of her niece, Miss Florence Ruth Wells, to Chester Thomas Malcolm Jr., was formally announced. The luncheon was in honor of Miss Wells and of her cousins, Miss Edna and Miss Irene Clark, who are visiting Oakland from Stanford University, where they are students.

The announcement was made when Miss Edna Clark presented Miss Wells with a "betrothal gift" from her aunt. It was a handsome silver basket filled with valley lilies, and when the pretty bride-elect received it she was snowed with good wishes by the surprised guests at the luncheon.

The engagement is the result of a college romance. Both Miss Wells and her fiancé are graduates of the University of California in the class of 1912. Miss Wells is an unusually beautiful girl. She is the daughter of the late Mr. and Mrs. T. T. Wells of Ventura, and a granddaughter of John Nicholl, one of the early settlers of Alameda county and the founder of the city of Richmond, with whom she makes her home. Her paternal grandfather was the late Samuel Taggart Wells, first episcopal missionary to California.

Mr. Malcolm, who was a member of the Sigma Alpha Epsilon fraternity at college, is a civil engineer. His family is prominent on the Pacific coast, where his uncle, J. S. Kimball, founded the Kimball Steamship Company. His aunt is Mrs. Lillian Kimball Wilder of Honolulu.

The wedding will take place in June at the home of the bride's grandfather, John Nicholl, and owing to his advanced age it will be a quiet affair. Meanwhile the young people, who are favorites in their set, will be feted at a round of entertainments.

Miss Nichols' guests included Mrs. Elizabeth Latham Keitch, Mrs. Delany Kimball Adams, Miss Agnes Wells, Miss Marian Weir, Miss Roxana Weir, Miss Edith Adele Welch, Miss Mildred Porter, Miss Grace Parker, Miss Olive Wolf and Miss Helen Kimball.

126 Mexicans Slain and 195 Wounded

WASHINGTON, April 25.—Rear Admiral Badger at Vera Cruz has reported to the Navy Department that his forces at Vera Cruz were so strongly posted that no attack from the Mexicans was expected at present. He said that there had been no further casualties, and that the wounded were doing well.

One hundred and twenty-six Mexicans have been killed and 195 wounded in the fighting at Vera Cruz. The first official announcement of Mexican casualties came last night in a dispatch from Rear Admiral Fletcher, made public by the Navy Department in this state.

Admiral Fletcher further reported that at 3 p. m. yesterday he informed Admiral Badger that quiet prevailed throughout Vera Cruz, and that affairs gradually are being restored and confidence restored. The city council, he said, had called a meeting for 4 o'clock this afternoon in an endeavor to obtain present municipal officials in office.

Admiral Badger, in a dispatch dated 12 p. m., reports that 500 refugees arrived from Mexico City at 2 p. m. yesterday. Thereference question is now the most difficult of all. Admiral Badger stated.

The Navy Department announced this morning that Rear Admiral Badger early today.

No Differences Over Calling of Militia

SAN FRANCISCO, April 25.—Major General Murray last night branded as absolutely false a statement recently attributed to him to the effect that he knew nothing of Governor Johnson's action in ordering State militia to the border.

The publication of the statement, which General Murray declares was untrue, led Governor Johnson to issue a defense of his action. General Murray stated last night that the Governor had acted in sending reinforcements to the border and that he (Murray) had approved of the move.

"The statement attributed to me was constructed out of whole cloth," said General Murray last night. "The Governor is absolutely correct when he says that I approved of his action in sending militia to the border. Our relations have been excellent throughout."

The statement issued by the Governor in answer to the alleged "interview" with General Murray is as follows:

"What has transpired is a matter of record in both General Murray's office and mine, and the facts are that protection for our border had been asked of the Federal Government by the State; that finally one troop of cavalry was sent to Calexico; that, admittedly, the protection afforded by the Federal Government was insufficient and inadequate; that the officer in charge of the United States forces at San Diego notified the Common Council of San Diego that action should be taken to protect the water supply there; and that the troops of the State of California should be called upon for this protection, and he also definitely stated that his force of United States troops was inadequate to cope with emergencies likely to arise."

"All of this was transmitted to General Murray and on the 22d of April, prior to the State troops being ordered into the field, the Adjutant General Murray advised me by telegram that General Murray heartily approved and appreciated the act of the State calling the militia."

REFUGEES FROM TAMPICO

PORT ARANSAS, Tex., April 25.—The yacht Waco, which arrived here today with 130 refugees from Tampico, Captain Jollison said the Mexican federalists refused to allow the Waco to sail, and a British admiral boarded her and hoisted a British admiral's flag. He then ordered her to go to sea, and they were released.

Admiral Mayo requested Washington to have refugees released from quarantine at once, as there is no accommodation on board the yacht for them.

The refugees are officials and employees of the Huasteca Petroleum Company.

RECRUIT AT REDDING

REDDING, Cal., April 25.—Orders were received here today by Captain Kiefer, commanding Company L, Second Infantry Regiment, National Guard of California, from Colonel Bond, the commanding officer, to recruit enough men to bring the strength of the company up to 80 men. At present there are only 58 men in the company, but there are plenty of man-cagers to enlist.

CARRANZA NEUTRAL

LOS ANGELES, April 25.—Adolfo Carrillo, Constitutional representative here, said today he had received three telegrams from Chihuahua which clearly showed that General Carranza intended to pursue a policy of strict neutrality.

The first telegram, signed by Fabila, Carranza's secretary, stated that Carranza had entered into negotiations with Washington. The second telegram asserted that reports in American newspapers that Villa and Carranza were no longer friendly were untrue. The third message instructed Carrillo to inform all Constitutional sympathizers that there was no fight between the United States and "the real Mexico."

"As it is," he continued, "tanners have had to withdraw all their hide collecting agencies from Mexico because of conditions here."

SEVEN BUILDINGS NEAR COMPLETION

Elaborate Program to Mark Celebration at Exposition Grounds.

FINN DENOUNCES BURGLARY CHARGE

Senator's Brother Alleges Arrest Is Outrage and Protests Innocence.

LONDON, April 25.—The "Nation" has called the President's salute to the Panama-Pacific Exposition what it terms his giving as a pretext for such action the refusal by President Huerta to apologize, in act and form as prescribed, for the black destruction of American bluejackets in Tampico.

"By singling out this incident," says the "Nation," "as an excuse for an action which can only be regarded as a violation of international morality, Wilson has done more to lower the standard of international morality than all his fine utterances in the past have done to raise it."

The Saturday Review says: "We trust Congress will find means to express the general opinion that non-American troops have been landed in Mexico they cannot return until a stable and satisfactory government is established in Mexico City. If that intention is avowed the United States can feel certain that their action will be watched with sympathy and approval by the other great powers."

SAN FRANCISCO, April 25.—Seven completed buildings of the Panama-Pacific International Exposition will be thrown open to the public for the first time on Saturday, May 2. This is the latest of San Francisco's great reconstruction festival and hall of all nations, which is to mark the close of the reconstruction and the beginning of what is now called the exposition period.

During the afternoon of San Francisco's gala day there will be athletic, aquatic and aviation contests on the exposition grounds. The exposition buildings will all be illuminated and in the machinery palace will be held the greatest Mardi Gras of its kind ever held in the west.

In the machinery palace there is a floor space sufficient to permit 5000 couples to dance at the same time. It is the largest of its kind since the days of the amphitheater in Rome. Seven nationalities have already arranged to participate in the great masquerade. Each of these will be assigned to a section of the hall and there the national dances will be given. In addition, the hall will mean seven masquerades gathered into one.

For this hall the list of patronesses comprises almost a blue book of the elite of San Francisco and the other bay cities. Here the Occident and the Orient will mingle, the officers of the army and the navy will meet the great capitalists of industry who have made San Francisco, rebuilding possible, the artist and the artisan will dance side by side and all will witness the first complete illumination of the exposition buildings and the first display of the illuminated exposition grounds.

CANVASES DISPLAYED

In the machinery palace will be displayed also the titanic canvases of the exposition mural painters and the wonderful statuary wrought for the decoration of the exposition buildings by a score of noted sculptors gathered from the four corners of the earth. The sculptors' present will be a feature new to the exposition grounds. It has been attempted but twice before in this country.

Special excursion rates have been made by all the railroads and the number of advance reservations reported indicates that thousands of visitors from the interior and southern portions of the State will attend this festival to secure their first view of the completed and illuminated exposition buildings, and to take part in the first great pre-exposition ball.

San Franciscoans are showing a lively interest in the festival.

SAN FRANCISCO, April 25.—George T. Alexander, who says he is a brother of Senator Tom Flinn, prominent progressive politician, arrested last night for burglary, protested his innocence today and affirmed that his being held at the city jail was nothing less than an outrage.

Flinn, who with another brother conducts a saloon at Fourth and Howard streets, asserts that he was gathered in by the police, who were arresting two other men in Alexander's hat store. 460 Kearny street.

See manuscripts that he never saw the others before in his life and that this is the first time he has ever been in trouble.

The story told by Thomas Alexander, proprietor of the place, and a prominent local singer, indicates Flinn in a burglary. Alexander declared that three men entered at the same time and Flinn engaged him in conversation while the other two gazed about. "Soon all started to leave," Alexander observed that two of the men were carrying some things under their coats. He struggled with one and several Panama hats dropped to the floor from beneath his coat. The proprietor then rushed to the door, locked it and blew his police whistle. In an effort to escape, one of the crowd of the crowd and jumped through into the arms of Patrolmen Lane and Ray, responding to the alarm. Besides Flinn there were arrested Arthur Walsh a printer, and John Murphy, a salesman. All are booked for burglary.

MOTORCYCLIST HURT IN CRASH WITH AUTO

RICHMOND, April 25.—Little Lucinda Wright of Vallejo was badly injured last night while at play at Macdonald avenue and First street when a large collie dog, unknown, carried by a neighbor, ran at the child, stopping over and tore the flesh from both arms before it could be driven away.

She came here to attend the funeral of her uncle, the late Paul Adams and is a guest at the home of her grandmother, Mrs. W. S. Adams, at 115 Macdonald avenue.

SAN FRANCISCO, April 25.—A motorcycle driven by Charles Picard, of 233 Second avenue, and an automobile driven by A. J. Lowenberg, as investment broker, with offices in the Hearst building, going in the same direction, collided at Geary and Van Ness avenue at 1.30 this morning. Lowenberg claims that the motorcycle ran into the back of his car but this is denied by Picard, who was thrown off and painfully bruised about the head and face. He was taken to the Central Emergency Hospital.

BERKELEY, April 25. — The city council has passed resolutions endorsing the proposal of Allen C. The proposition was taken up by the council at the suggestion of Mayor Charles D. Heywood.

"I desire to call your attention to Senate Bill No. 3377 now pending in the United States Senate, which was introduced by the senior Senator from California granting to Allen C. WAR POLICIES ARE NOW ISSUED FOR SOLDIERS

NEW YORK, April 25.—Life insurance companies, with headquarters in New York yesterday began to take cognizance of the hostilities in Mexico by issuing war policies for the benefit of those about to leave to engage in naval and military service in Mexico. One of the largest companies issued instructions to its agents that the limit of insurance to be accepted on members of, or those intending to join, the state militia, naval guard or naval reserve of the United States, was \$2000 without disability benefits.

The company also declared that during the first year of such policies if the insured should die while engaged outside the United States in naval or military service or in consequence of such service, the amount due under the policy should be only one-tenth of its face value. This restriction may be waived, however, if the insured before leaving the country pays an extra cash premium equal to five per cent of the face value of the policy.

TOLLS LETTER IS DEBATE'S CAUSE

Senators Angered at Criticism;
Order Note Expunged on
Record.

WASHINGTON, April 25.—Evidence came yesterday of the bitter feeling expected to mark the appearance on the Senate floor of the bill proposing repeal of the free tolls provision of the Panama canal. More than a dozen Senators debated for three hours the question of how far one Senator may go in criticizing the position of another on this subject.

The trouble arose over a circular letter offered for insertion in the Congressional Record by Senator Poindexter of Washington. The letter was signed by Bainbridge Colby of New York for the American Society for the Preservation of American Rights on the Panama canal.

Portions of it were objected to by Senators, who held that the writer implied that Senator Root, in his fight for canal was the leader of the forces

of transcontinental railroads. Senators McCumber, Lodge, Sutherland, Brandegee, Williams Hoke Smith and Clark of Wyoming favored expunging the letter from the record. Senator Poindexter suggested that he remove those portions which were held to be in criticism of Senator Root. Senator Borah insisted, however, that to expunge the letter would endanger the right of petition by which the people

Senator Root denied any railroad official had ever sought to influence him in his attitude and Senator Poindexter declared that he had no intention of criticizing any Senator. He attacked Andrew Carnegie and said that the propaganda for tolls repeat by the Carnegie endowment had hurt more than it helped that cause.

When it became apparent that debate was likely to continue indefinitely, President Pro Tempore Clarke ruled that the letter should not go in today's record and it was held up pending a vote on a motion to expunge.

The intercommittee committee decided to extend until Monday at least the time for hearing testimony. Thomas Burke presented Seattle's opposition to the repeal at the hearing yesterday.

SLEW 40 DEER OUT OF SEASON; ARRESTED

Cummings, arrested last week, admitted having deer meat in his possession, but would not admit killing deer. He was sentenced to the county jail for seventy days, but on his release he will be prosecuted for killing twenty-five deer, the officers banking on the evidence now obtained from Cummings.

SLEEPS IN COFFIN: IS ARRESTED AS RESULT

SACRAMENTO, April 25.—When Harry McHale returned from a trip yesterday considerably worn and weary he climbed into one of the coffins in the back room of the J Street Undertaking parlors, in which he is employed. Punctures 90% Less

Investigations prove that with "Nobby Tread" Tires punctures are 90% less than with the average tire.

The big, thick "nobs" on "Nobby Tread" Tires stand out so far from the shoe that nails, glass, sharp stones, etc., hardly ever reach the shoe.

Study the "nobs," their size, their thickness, and the way they are placed, and you will understand why.

And remember this—you have got to wear out these big, thick, tough "nobs" before you even start to wear out the extra strong tire underneath—that is one reason why experts call "Nobby Treads"

DEALERS RESPONSIBLE FOR DEFECTIVE CARS

SYRACUSE, N. Y., April 25.—A jury in the United States court decided in effect that the occupant of an automobile who is injured by the breaking of a certain part of the car can recover damages from the company which assembled and sold the automobile rather than from the manufacturer of the part that broke. It was a test case and the outcome was awaited by automobile makers throughout the country.

besides those with whom one has been playing all the afternoon.

Two hostesses have entertained delightfully this week at bridge—Mrs. Frank K. Mott and Miss Carrie Nicholson.

Mrs. Mott is very hospitable, and she loves nothing better than to entertain her friends in her home. Her card afternoon was planned very carefully, and a large number of friends called later in the afternoon for tea.

Among those invited by Mrs. Mott were: Mrs. William G. Hegshaw, Mrs. Frank Havens, Mrs. Isaac Requa, Mrs. F. C. Coogan, Mrs. J. B. Brown, Mrs. Charles D. Bates Jr., Mrs. C. C. van, Mrs. Frederick Cutting, Mrs. Alice Grimes, Mrs. J. H. Dickman, Mrs. J. P. Dunn, Mrs. Leon Beckman, Mrs. William H. Brown, Mrs. A. C. Poley, Mrs. Chabot, Mrs. Roscafield, Mrs. Goodell, Mrs. Daniel Eastbrook.

Miss Carrie Nicholson entertained a number of friends most hospitably

The trend of the homes of today is all towards the hill slopes, and business has driven away many of the old time homes of the city.

The Nicholson home represents a southern hospitality that is indeed charming, and friends always find an unusual welcome awaiting them in this special home. Miss Nicholson was assisted in entertaining her guests by her mother, and by her sisters, Mrs. A. A. Long and Mrs. Charles Smith, and by Mrs. Henry Rosenfeld. Many prominent young matrons were among her guests, and the bridge afternoon was a delightful affair.

GOLF LINKS PROVE

MAGNET FOR MANY.

One sees many prominent people on the golf links these spring days. In Scotland and England no one very much minds the weather, but in California, our "land of little rain" people very seldom play golf in rainy weather—so in the past winter the golf links have been comparatively

exclusive little ball over hill and dale.

Among them one often sees Robert Fitzgerald, Frederick Garby, T. C. Coogan, John J. Donovan, George De Golia and Frank Kales.

One player this week at the Country Club, said one of the charms of golf was that you could always beat your own best record, you never arrived at a definite figure. Another player said that one of the charms of golf was that people played such a "square" game, they were always honest in their reports.

A charming young matron sitting on the veranda of the Golf Club the other day was urged to "bustle herself and come out on the links and play."

"Why should I?" she retorted. "Golf is such a hard game. You have to walk such a long way for the ball, and the better you play, the further you have to walk." All of which goes to prove that there are many phases to almost every subject.

SHIRAZ IS NEW'S OF

the main center of interest at Santa Barbara.

Among those who motored down to Del Monte this week were Mr. and Mrs. P. E. Bowles and Mrs. Hiram Johnson Jr.

On Tuesday evening Miss Ransom and Mrs. Oscar F. Long started for Santa Barbara, chaperoning the

riage of her daughter, Mary Downey, to William Orrick.

The wedding of Miss Downey, and Mr. Orrick marks one of the most important events of the after-lenten season. Miss Downey is one of the most beautiful girls on this side of the bay, and she comes of a family well known in the pioneer annals of Berke-

ly. Mr. Orrick has made a great success in the practice of law across the

guests at the wedding of Miss Downey and Mr. Orrick, and it will be a very notable gathering, since it will include

representatives from such well known families as the Orricks, the Downeys, the Scotts, the Coogans and the Goodfellow.

FRANK SPRING AT HOME AT NORTHBRAE.

Mr. and Mrs. Frank Spring (Avin Sterling), are at the Spring home, in Northbrae, and Mr. Spring, now that he has a good start bids fair to make a great success in the business world.

PICTURES IN THE MEDDLER.

Mrs. Oscar Pittman Long is one of the most prominent younger matrons

in Oakland society. She is a belle in San Francisco and Washington, where she spent several winters, as well as in Oakland, where there were many delightful entertainments for her at the beautiful Requa place in Piedmont. Mrs. Long is a woman of rare loveliness of character and great personal charm. Her two attractive daughters, Miss Amy and Miss Sally Long, recently won the tennis championship for Miss Ransom's school at the Claremont Country Club.

Mrs. Charles Kutz, whose marriage to a son of Admiral Kutz, U. S. N., retired, was a recent society event, was formerly Miss Mildred Boyne. She is very athletic and is considered one of the best horsewomen in the Country Club set. Mr. and Mrs. Kutz will return from their honeymoon next week and take possession of their new home in Fruitvale.

Mrs. Harry Manville Wright is one of society's prominent hostesses who is constantly planning some diversion, ment for her friends. In return several of the men who have enjoyed her hospitality during the winter gave a dance in her honor at the Canyon Inn last evening. Mrs. Wright is conspicuous in the Country Club set.

Miss Frances Ferrier is one of the popular girls of the Berkeley set. Recently her engagement to Orville Goss was announced and the wedding will take place in May. Miss Ferrier is being feted, as befits an engaged girl in the weeks before her marriage.

MRS. GEORGE M. PULLMAN ARRIVES FROM SOUTH.

Mrs. George M. Pullman arrived this week from the South, and she is now a guest at the St. Francis. Mrs. Pullman is the mother of Mrs. Francis Carahan, and she comes to the coast each year for a visit of a few weeks with her daughter. She is a warm friend of Mrs. Isaac Requa, with whom she spends some time whenever she comes to the coast. Mrs. Pullman travels in a private car, which she most generously shares with her friends.

Mrs. Thomas Crellin and Miss Mona Crellin, who have been at the Hotel Oakland this spring, are planning to go to the country in the near future. They will spend the summer at the Lloyd Crellin ranch in Napa county, where Mr. Crellin is making so notable a success.

The Agricultural college at the University of California has been one of the great factors of development in the State, for it is placing men of trained minds—men who know how to reduce agriculture to a science—at the head of the big ranches of the State. Mr. Crellin has studied farming in the University, and from many angles, and he is likely to develop much of interest to the large farm owners of the State. He is setting out a large orchard this season, and he has been very busy improving every line of agriculture possible on this Napa ranch. The Crellins and Fitzgeralds are planning to go to the "ranch" this summer to spend the vacation time with Mr. Crellin. On the farm house, there is a lovely bungalow on the ranch, and tents with beds have been arranged so that the family bids fair to have a most enjoyable summer on the big Napa ranch.

MRS. WILLIAM E. LARSON TO VISIT LONG BEACH.

A few days for Southern California, and she will visit at Long Beach, her daughter, Mrs. Arthur Goodhue, (Mrs. Mac Everman).

The Goodhuens have a delightful home in Southern California, and Mrs. Goodhue is one of the most interesting, as well as one of the most beautiful young matrons in the State.

ley. The old family home of the Downeys is one of the landmarks on College avenue. The home with its bright bevy of beautiful young girls has long been a center of much hospitable entertaining. One of the brilliant weddings of a few years ago was that of Miss Jean Downey and Mr. Hugh Goodfellow.

The Oliver Orricks are also among the most prominent families on the coast, and Mrs. Orrick is a sister of the late Irving Scott. The Orrick home on Vernon Heights is very charming in many ways, representing the Southern hospitality which is part of the traditions of the nation.

Miss Downey is to have as her maid of honor, her younger sister, pretty Lillian Downey, and four charming young girls, Elizabeth Orrick, Louisiana Scott, Marjorie Coogan, and Edith Goodfellow are to be maids of honor.

Miss Orrick has been visiting her cousin, Mrs. Tod of Chicago, and has been with her to Florida, and other interesting places in the East, but she shortened her visit in order to be present at her brother's wedding.

Miss Louisiana Scott is a lovely young girl, a niece of the Irving Scotts, and of Mrs. Orrick, and Miss Marjorie Coogan is one of the most popular of the young people of the coast. She has been away a great deal, and she returned recently from a trip abroad. She is a daughter of Mrs. W. S. Goodfellow, and a most charming young girl. Murray Orrick, who married popular Miss Ada Kenna some seasons ago, is an older brother of the groom-elect. Mr. and Mrs. Murray Orrick have a permanent home in Scott

bury, in fact all the young men of the Orrick family have made notable successes in life.

The wedding of Mr. Orrick and Miss Downey will take place on April 29, at the home of the bride's mother in Berkeley, and one hears that it will be a delightful wedding, planned along charming lines.

NEW CENTURY CLUB PLANS BENEFIT DANCE.

The Oakland New Century Club is planning to give a dance on the evening of May 2, for the benefit of its settlement work, and friends of the club will be entertained in the new gymnasium on Paralta street. The work has been specially well managed there, and everyone approves of the dances, which mean such good times for the young people, not only of that neighborhood, but of other neighborhoods as well. How to give good times to young people, and to give them in the right way, is one of the great problems of the day. And at the head of that line of effort is Miss Anne Morgan, the daughter of the late Pierpont Morgan.

The affair is in charge of Mrs. Louis Dudley Manning and Mrs. John Newton Porter, and the patronesses are Mrs. M. B. Williamson, Mrs. George W. Hatch, Mrs. Sydney Wilbur Smith, Mrs. Ben F. Shaw, Mrs. Ira Newton Bradburn, Mrs. Margaret B. Welch, Mrs. Henry Dalton, Mrs. William Brandon, Mrs. Donald McLaughlin, and Mrs. Lloyd Peterson.

MISS MELLA RETURN TO SAN FRANCISCO.

The Misses Mella, who have enjoyed a most interesting trip to South America, have returned to their home in San Francisco. They are charming girls, and the Mella home was one of the most interesting in the State.

Their friends on this side of the bay were very sorry to hear of their

AUDITORIUM BOND ISSUE DEFENDED

Oakland Will Be Famous Convention City, Says Mayor Mott.

Explaining the conditions which impel the administration to call upon the citizens for a bond issue of \$500,000 for the completion of the municipal auditorium now in course of construction, Mayor Frank K. Mott addressed the Oakland Center of the California Civic League yesterday afternoon in the Hotel Oakland. He showed how the original conception of the structure had been modified by the inclusion of additional items.

Examples of cost had been set forth.

Emphasizing the facts that \$50,000 had been lopped off the original appropriation without a corresponding change in the plans and that the establishment of an adequate foundation through the all-ideal soil had involved a greater expenditure than was anticipated, he pointed out the various items of increased cost and the various items of increased cost.

Dr. A. S. Larkey's beautiful \$40,000 place on a wonderful slightly knoll in Crocker Highlands, just across the street from the residences of John Connors and A. T. Eight hundred and seven hundred Commercial Club members and the visiting guests from San Francisco will meet in the ball room of the Hotel Oakland at 8:15 o'clock. A musical program arranged by the entertainment committee will provide interest for an hour before the jinks portion of the evening begins.

Refreshments will be served in the Commercial Club grill at 9:15 after which the intermission of the smoker will be in full swing. Quip and jest, mirth and merriment will prevail. Just what a success is a matter for conjecture, as this part of the entertainment is veiled in mystery.

If the total cost of the smoker and the wishes of Oakland's loyal boosters can assure victory in advance, the bumper delegates will depart next Saturday with their mission already accomplished.

The entertainment committee in charge of the details are B. P. Miller, Herman Rittigstein, C. C. Borton, P. E. Crabtree, G. C. Farley, J. R. D. Mackinnon, Alex. T. Stewart, Maurice Stewart and Louis Aber.

Republican state central committee has extended him an invitation to be one of the speakers at the rally to be held in San Francisco on May 5 at which time Controller Prendergast of New York will address the Republican followers in the launching of the campaign. The meeting, which will be presided over by State Senator A. E. Boynton, will be attended by delegates from all the newly formed Young Republican clubs of central and northern California.

The calling of Scott to fill an important role at the gathering is significant of a movement on foot to make him the standard bearer of the party at the primaries.

There is an indication that supporters of John D. Fredericks, also of Los Angeles, may be entered in the race as his friends from the south have been in this territory sounding out the feelings of the party here.

In the meantime the Republican County central committee have been urging party members to register at once. They desire to ascertain at as early a date as possible the strength the party will master at the polls in August and throughout the state there has been increased activity among Republicans during the last two weeks. Many Young Republican clubs have been formed and every day witnesses the organization of additional supporters.

It is reported from the south that Superior Judge Walter Bonwell will be a candidate for a supreme judgeship. Judge J. D. Murphy of Mono county has already announced his candidacy for associate justice of the Supreme Court. He has a strong following in practically every portion of the state being one of the best known jurists on the superior bench.

In several counties announcements have been made of candidates for minor offices. Attorney Ross Campbell of Santa Rosa will probably be a candidate for the office of District Attorney to succeed Clarence P. Lea. An important meeting is to be held inureka on May 2 by the county central committee.

The Santa Fe Railroad Company has issued a booklet entitled "What the Farmers Are Doing in the San Joaquin Valley." One statement from a farmer in Fresno county is especially interesting. It reads about as follows:

"I own a 20-acre dairy ranch in addition to my 80-acre fruit ranch. Last year my crop values and returns from cows and chickens on the 20 acres was \$1500. This year it will run about \$1700. I keep 12 to 15 cows and three head of horses and raise all of the feed. I also keep 500 hens, which net me \$1 per hen for the year."

"My fruit ranch is rented and pays me 15 per cent interest per year on my investment."

BOOSTERS IN FAREWELL

Oakland Commercial Club Will Tender Smoker to Departing Delegates.

Inspired with the indomitable spirit of the west and east and in the achievement of another national convention for Oakland in 1915, seventeen hundred Shriners and members of the Oakland Commercial Club will assemble at a farewell smoker on Monday evening at the Hotel Oakland to spend upon their way with good cheer and encouragement the delegates who depart one week from today for the Imperial Council of the Mystic Shrine in Atlanta, Georgia. MILLS MAY FETE AIDED BY NATURE

Living Green Carpet and Sunshine Are Features of Celebration.

The grounds about Mills College at this season of the year are a dream of love—shaded by magnificent trees and brightened with thousands of flowers. The weather, too, has lent aid to the occasion—the May Fete given on the college campus today, near the campanile, and in which practically every member of the student body participated.

Far and near former graduates of Mills have gathered to witness this out-of-door celebration, of which the Masque is the chief feature.

In this allegorical presentation, Spiritus, Rain Spirits and other choruses lend aid to the principals who sing the praises of California, upon which Nature, Sunshine and other forces of Mother Earth has showered gifts. At first, suffering from drouth, the waters are gathered and showered over the dry land, which then smiles and brings to fruition the golden harvest of fruits and flowers.

The story was related in pantomime and song and dance. Miss Alice Anderson enacting the leading role of Mother Earth while Miss Ardell Folger assumed the part of Sunshine. To Miss Ruth Craig was allotted the part of California. Miss Eleanor Perry was "Slow Running Water," and in addition there were "seekers from Beyond the Sierras," "The Fruits of Cultivation," "Creatures of the Drouth" and the Spring Sprites, all depicted by the student body.

Young musician is missing from home.

SAN FRANCISCO, April 25.—James E. Jewel, an 18-year-old musician of Berkeley, has been missing since April 21. He disappeared on that day after leaving his home, 2722 Stewart street, and no word has since been received from him.

James W. Jewel notified the detective department this morning requesting the co-operation of the police in finding the missing lad. The description furnished gives Jewel's height as 5 feet 8, build slender, complexion dark, hair reddish brown, smooth shaven.

DEAF-BLIND PUPILS TO HAVE NATURE LECTURE

Professor O. J. Kern of the University of California gave an illustrated lecture on "Nature Study" in the Assembly Hall of the State Institution for the Deaf and the Blind, in Berkeley, on Saturday evening, April 25, at eight o'clock.

There will be musical interludes by the blind pupils. The lecture will be interpreted in the sign language to the deaf pupils by the principal, Mr. L. E. Milligan. The public is freely invited to be present.

SNEAK THIEVES ACTIVE; THEFTS ARE REPORTED

Several minor burglaries were reported at police headquarters last night. Edward Clark, 2323 San Pablo avenue, complained that his room had been entered and small articles and ornaments, the value of which he could not fix, taken.

Louis Brown, 1815 Seventh street, reported the loss of small jewelry valued at \$50, also the work of burglars. Martin O'Neill, 2445 Fifty-fifth avenue, reported the loss of a gold watch. The police are investigating.

CAPT. DAY TO BE HEARD ON SUBJECT OF PRISON

Captain William I. Day, superintendent of the California State Prison commission, is to address a gathering of people deeply interested in this theme tomorrow morning in the Elmhurst Baptist church on Nineteenth avenue at 10 a. m. The meeting will be thrown open to the general public at 11 o'clock. The subject of Captain Day's address will be "Modern Prison Reform."

TO GIVE LECTURE.

RICHMOND, April 25.—The Christian Science church at Stage has completed arrangements for a large gathering for its place of worship when Virgil Strickler of New York city and a member of the board of trustees of the mother church at Boston will speak at the pavilion in East

Arrangements have been made for many of the members of this faith from Oakland, Berkeley, Albany and Richmond to attend the meeting which will be free.

ENDORSE SCOTT AS GOV. NOMINEE

Effort on Foot to Make Him Primary Standard Bearer.

Attorney Joseph R. Scott of Los Angeles, well known in Oakland as a public speaker, may be a candidate for the

Republican state central committee has extended him an invitation to be one of the speakers at the rally to be held in San Francisco on May 5 at which time Controller Prendergast of New York will address the Republican followers in the launching of the campaign. The meeting, which will be presided over by State Senator A. E. Boynton, will be attended by delegates from all the newly formed Young Republican clubs of central and northern California.

The calling of Scott to fill an important role at the gathering is significant of a movement on foot to make him the standard bearer of the party at the primaries.

There is an indication that supporters of John D. Fredericks, also of Los Angeles, may be entered in the race as his friends from the south have been in this territory sounding out the feelings of the party here.

In the meantime the Republican County central committee have been urging party members to register at once. They desire to ascertain at as early a date as possible the strength the party will master at the polls in August and throughout the state there has been increased activity among Republicans during the last two weeks. Many Young Republican clubs have been formed and every day witnesses the organization of additional supporters.

It is reported from the south that Superior Judge Walter Bonwell will be a candidate for a supreme judgeship. Judge J. D. Murphy of Mono county has already announced his candidacy for associate justice of the Supreme Court. He has a strong following in practically every portion of the state being one of the best known jurists on the superior bench.

In several counties announcements have been made of candidates for minor offices. Attorney Ross Campbell of Santa Rosa will probably be a candidate for the office of District Attorney to succeed Clarence P. Lea. An important meeting is to be held inureka on May 2 by the county central committee.

The Santa Fe Railroad Company has issued a booklet entitled "What the Farmers Are Doing in the San Joaquin Valley." One statement from a farmer in Fresno county is especially interesting. It reads about as follows:

"I own a 20-acre dairy ranch in addition to my 80-acre fruit ranch. Last year my crop values and returns from cows and chickens on the 20 acres was \$1500. This year it will run about \$1700. I keep 12 to 15 cows and three head of horses and raise all of the feed. I also keep 500 hens, which net me \$1 per hen for the year."

"My fruit ranch is rented and pays me 15 per cent interest per year on my investment."

A whole state of farmers would find farms by Boardman Bros. & Co. 28 Montgomery Street, San Francisco. A great many new homes are now being built there now.

DO NOT FORGET THE AUDITORIUM

There is so much importance connected with the election for bonds with which to complete the auditorium that THE TRIBUNE feels impelled to again direct the attention of the voters to the necessity for authorizing the issue. To refuse means to permit a half million dollars to go to waste, a total loss, and to give this city's enterprise a black eye from which it will not recover in years. To vote the bonds means to provide Oakland with a magnificent structure, capable of seating thousands, and to enable it to be one of the nation.

We have mentioned the National Educational Association, which desires to hold its 1915 session here. It will bring 20,000 persons to Oakland and the amount of money spent during their stay will nearly, if not quite, pay for the building. Because Oakland has promised to have the auditorium ready at that time, the educators have decided to come here, but defeat this bond proposition and a change will be made. Some other locality will be selected.

As a result of the determination of this and other bodies to meet here, this city has received some extensive advertising. Its civic pride has been the theme of admiration, its action in erecting a great building has been spoken of wherever there are teachers who will attend, inquiries have been made and the general result has been highly beneficial, commercially and otherwise. But defeat these bonds and see what the effect will be. We will be sneered at and reproached for lack of energy and for short sightedness. The failure will be related from coast to coast and everywhere will be asked: "What sort of town is Oakland that having spent a part of the money required, it refuses to invest the other and permits an entire investment to go to waste?"

It ought not be necessary to urge the voters to issue these bonds. The spirit of progress should govern this city to an extent where such action is unnecessary. So far as the general mass is concerned the sentiment is favorable. But a minority, which might muster strength enough to cast a one-third vote in a tight election, is active. In the light of these conditions it is the duty of everyone with the welfare of the city uppermost in his or her mind to attend the election and vote in the affirmative.

CLOSING IN WITH HIS LEFT

—BY THE OAKLAND TRIBUNE CARTOONIST.

mightiest empires on the globe. If they do remember all this, surely they ought to know that only a short period will elapse ere the khaki clad columns of Uncle Sam will envelop them in bands of steel and that there may come a time when they will regret all this outburst of feeling against the helpless.

People Manifest Patriotism.

There is great satisfaction in observing the spirit of patriotism shown by people all over the United States since this Mexican trouble started. From every city, town and hamlet are coming offers to enlist. College boys have tendered their services, Spanish War veterans plan to raise regiments, the militia of the states is on the qui vive, old chaps who served their country during the war of the rebellion have asked permission to shoulder muskets and young men generally are alert to take a hand in the trouble wherever needed. The army and navy appears to be glad that something has arisen and each branch of the service may be looked for to give a good account of itself.

Agitators who rant against the flag in time of peace; who declare that love of country is on the wane because of the "aggressions of capital" and other like causes can learn a lesson from reading the papers these stirring days. It requires no large perspicacity to determine that while we may have our little arguments with each other when times are dull and excitement is needed, when menaced by any force from the outside we can get together in short order and also when grave situations confront the citizenship this country is one and indivisible.

'Brutal Journalism Should Stop.'

Under the quoted caption the Los Angeles Tribune argues for a cessation of license to newspapers to cross the boundaries of decency and, instead of criticizing the acts of the individual or party, assail the motives in unfair manner. It is argued that should the practice be allowed to continue the people may be tempted to limit the press of the country in its activities.

We think this matter will work out for itself, provided the decent element of the national newspapers direct attention to the error in a sane way. But it is a lamentable fact that some of the papers decrying brutal journalism are as severe in their strictures as the papers complained of. One individual in the limelight has been accused of having caused the killing of McKinley, the attempted assassination of Roosevelt, the war with Mexico and many other matters of serious nature. In many instances the language employed has not been of the choicest variety. It looks as if careful, dispassionate criticism will accomplish more by fair appeal to judgment than intense clamor, not always couched in truthful phrase or temperate tone, but often extravagant in assertion and vicious in expression.

STORY-BOOK NAMES

A Greek in California has struck a name in the imagination of his American wife named their baby Muriel, and he, declining to provide for a Muriel or for a wife who would give a child such a label, is in jail charged with contempt. He will stay there, he declares, until Muriel is un-Muriel and made Helen.

Chryso Malamatinos — such is the name of our hero himself — is a man of ancient race, with plenty of background and tradition. His wife, one may easily assume, possesses neither. She found

ment nothing, connote nothing, connected up with nothing, but she, poor creature, without background or foreground, without environment or "en-

Twenty Years Ago Today

The grand encampment of the Grand Army of the Republic and its auxiliaries in the Department of California, assembled in annual session in Oakland. The city cordially welcomed the surviving veterans and public buildings and business houses were fully decorated in holiday attire. Lyon Post No. 5 of this city is the senior post in Alameda county. The first commanders since are as follows: C. P. H. Buck, J. M. Davis, A. W. Collins, J. H. Allen, S. F. Daniels, P. H. McGowan, Joseph Holmwood, R. J. C. Adams, Louis Bixby, Henry Bailey, R. B. S. York, W. H. Huxsey, C. K. King, H. T. Smith, E. W. Woodward. This evening there will be a grand reception at the First Congregational Church which will be presided over by Colonel J. C. McMullen and tomorrow a great parade will take place.

That THE TRIBUNE was as much to the fore twenty years ago as today, can be seen from the following tribute: "We commend the enterprise of our esteemed contemporary, THE OAKLAND TRIBUNE. With laudable energy it issued an extra last evening, giving the news of the Point Sur shipwreck, hustled its newsboys across the ferry and was cried upon the streets of San Francisco in a manner calculated to wake the dead." — San Francisco Examiner.

The Pacific Coast Dredging Company did not comply with the order issued by the Board of Public Works demanding that the company cease dredging operations in Lake Merritt. In consequence of the refusal, Superintendent Harrison arrested three men on the dredger and dug up three sections of the pipe, filled in the holes and cast the pipe into the lake.

H. D. Trowbridge has gone to Europe to pursue his medical studies. Councilman Barstow is recuperating at Byron Springs.

A. W. Burrell is in Central America on a business trip.

1914'S FIRST BIG SUCCESS

A splendid romance of life and love and ambition, the author's best since his "Beloved Vagabond."

"The whole story is as light, as joyous, as iridescent as a soap bubble; it glows, radiant with the very spirit of youth, of joy, and of adventure. But it has its philosophy, too. It is a charming tale, one that only Mr. Locke could write."

Mexicans Force U. S. to Act.

That THE TRIBUNE has been justified in its statement that Huerta is responsible for conditions in Mexico is evident. That the dictator is "trying to save his face" is manifest. Preferring intervention to the death that would follow a triumph on the part of the Constitutionalists he deliberately invited trouble. It was a matter of small moment to salute the flag following the arrest of the American sailors at Tampico. Any nation would have complied with the demand without a quibble. But Huerta saw in a refusal an opportunity to preserve his life, which a victory by Villa would have ended. So he selected this alternative. In future he can say to Mexico, no matter what the result may be: "Had I been left alone I would have put down this rebellion and restored peace."

We confess to mild surprise at the action of Carranza's downfall, no matter how it is accomplished, meant Carranza's ascendancy. This government has favored him in his effort to overthrow Huerta. It has lifted the embargo on arms and given him opportunities to obtain munitions of war necessary to carry on the struggle. He shows his gratitude for favors by declaring the taking of Vera Cruz an act of war and demands that the forces of the United States be withdrawn, and, between the lines of his communication, there is a covert threat that unless such action is taken all Mexico will unite against what he intimates is an invasion.

Well, perhaps it is better so. The divinity which shapes the ends of individuals doubtless lays plans for nations. From the foundation of the world to date right has won in the last struggle. With a situation forced upon us there seems to be but one alternative, and that is to call every available man to the colors, use every ship and every gun, go down to our sister republic "round up" the belligerents and then say to them: "We are not here to conquer you, to destroy your integrity as a nation or to annex you, but in the capacity of a national policeman. We demand that you disarm, return to your homes, get ready for an election conducted on honest lines, where every citizen shall have a right equal with his neighbor, and having elected a President and a Congress, you accept the will of the majority and in future behave yourselves. If you do not, we will make you."

Mexico is a country with many possibilities. It has millions of uncultivated acres that can be made the home of mankind. Its mines are rich in mineral, its forests teem with trees of immense value. It is a land "where stones are of iron and out of whose hills thou mayst dig brass." It is a country flowing with milk and honey and if the inhabitants thereof will not take advantage of the opportunities they must be coerced into so, doing. The future events will justify this course.

According to recent dispatches, Mexico City has gone wild, the inhabitants are trampling on the Stars and Stripes, assaulting refugees, looting business houses owned by citizens of the United States and shouting: "Death to the Americans!" Students are said to have been leaders in the tumult.

What sort of schools do they have in Mexico? Is history omitted from the course? If not, then surely these students have read of Rancas de la Palma, Chapultepec, Monterey, Vera Cruz and the City of Mexico events of 1846 and 1847. Certainly they should recall Taylor, who with a mere handful of American soldiers defeated Santa Ana with his thousands. They ought to

know in these days and conquered the country in a very brief campaign, compared to campaigns generally. Now as a result their knowledge of this continent greater than some of the
